Pediatric Dentistry

Specialized care for young smiles

Put a dental checkup on your back-to-school list this year!

Parents, help kids follow these tips for a fresh and healthy smile all year:

When brushing, angle toothbrush bristles toward the gums and gently brush in small circles.

Brush for two minutes, devoting thirty seconds to each quadrant of the mouth. Floss between teeth every day, and that includes baby teeth!

Like adults, kids should have a dental checkup and cleaning twice a year.
